

Quiz competition conducted

On 26/09/15 BDVS organized one quiz competition at Kharagpur, Munger district, Bihar, where at least 80 musahar students from 10 different government schools participated. The main aim of this program was to encourage students to be competitive and updated. The program was inaugurated at 11.00 by Shri. Sanjeet Kumar, the Prabhari of BDVS regional office in Haveli Kharagpur. The program was designed by BDVS, administrative office, Patna. It was a written test on general knowledge. Those students who scored highest score will be awarded soon in a function proposed for the near future.

Taking part in this competition was an experience in itself for children. The vast majority of children are new to competitions such as quiz. Most often the rural schools fail to initiate such programs for the formation of children and to inculcate a taste for acquiring knowledge and information. We found that such competitions help them to develop their skills and knowledge. They had a sense of accomplishment once they had come for this competition and went through the entire process of answering the questions, etc.

There are thousands of students who do not have the privilege of quality education and chance to develop their abilities. Government, civil society, and parents, together need to strive to create ample opportunity for our children to learn, acquire knowledge and various competencies. Let's create opportunity for all the children. Thanks
